Welcome

Seven nights on Morocco's Atlantic coast, shaped around you. There are two yoga sessions a day, a workshop in the morning and restorative yoga at sunset to reset your nervous system, alongside daily surfing excursions. It's the place to go for those who want to be immersed in a diverse and inspirational yoga practice, whilst having the chance to catch some waves.

No two people need to do the same. Keen surfers can spend whole days in the water with our coaches and guides and join just one yoga practice a day, or none at all.

Partners and friends who only want to surf are just as welcome as those who would rather take yoga, enjoy a spa day or go shopping. In between, you can explore on our excursions to the souk, the sand dunes and Paradise Valley, or unwind with a spa day, both available at an extra cost.

Simply tell us how you'd like to spend your week when you book, and we'll tailor it to you.

Residing on the rugged Moroccan coastline, just outside of Taghazout, the villa boasts a lush garden, relaxing living areas, a plunge pool, a yoga shala and spa treatments. Above all, the space has a caring and warm-hearted environment.

MEET YOUR TEACHER

Graziella has practised Iyengar yoga for over 27 years and has taught as a qualified Iyengar teacher for 12 years. Her classes bring precision, attention and respect for each person's individual body, whatever your level. More about Graziella on page 8.

Surfing

Two ways to surf · pick the one that matches your level

The multi-aspect coastline offers a range of different surf spots that work on any given tide or swell, with waves for every ability, from beginners to pros.

Surf Coaching Levels 1 to 3

Hands-on lessons to take your surfing to the next level as quickly as possible. We use a surf levels system to pair you with a group seeking the same waves. Instructor, board, wetsuit and transport included. **Level 5 coaching is private lessons only.**

Surf Guiding Levels 4 to 6

For confident, independent surfers. A local guide takes you to the best waves for your ability. Our guides are proper locals with invaluable knowledge of the Moroccan coastline; they know exactly which breaks are working and when.

Soft boards included; hard boards carry an extra charge. The surf shop stocks foam boards, modern and classic longboards and shortboards.

Choose a 3-day pack or a full week, or decide when you're there. All surf prices are on page 15.

Your Surf Day

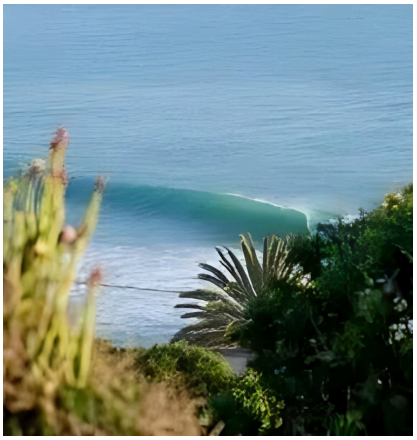

An Example Surf Day

This is just an example. Swell, wind and tide dictate each day's surfing itinerary, and we stay flexible so you can score the best conditions.

07:30	Hearty and healthy breakfast or later if surfing at dawn before breakfast
08:45	Discuss the surf conditions and options for the day
09:00	Explore the Moroccan coastline looking for epic, uncrowded surf
12:30	Picnic at the beach
13:30	Another surf or two
17:30	Sunset yoga (optional, included)
19:30	Nibbles and dinner

> If you want to stop surfing at midday, do another activity, surf early, relax at the accommodation and then get a sunset surf session, or any other variation, we'll happily arrange that for you.

Why October?

Summer's strong winds have eased into light, mostly offshore breezes, especially in the mornings, so the surf rarely blows out. The autumn swells are rolling in, our sheltered point breaks stay clean, and the water is still warm from summer. One of the best windows of the year.

Water temperature: mild and comfortable, around 19–21°C (66–70°F), so a 3/2mm wetsuit is plenty.

Fewer crowds: October comes just before the big winter crowds arrive from Europe in November, December and January, so you get to enjoy world-class setups with fewer people in the water.

Hire & Extras

Bikes, stand-up paddle boards and skateboards available. The centre also stocks Torq, Surftech, NSP and Fahd hand-shaped longboards, plus a Firewire quiver for advanced surfers.

Yoga with Graziella

Two sessions a day · Explore. Restore. Reconnect.

Morning Workshop — Explore Your Body

Each morning, we'll explore a different area of the body through a carefully guided workshop. With a focus on understanding, alignment and awareness, you'll discover new ways to work within your own body. These sessions offer the opportunity for personal breakthroughs, deeper understanding and moments of unexpected freedom in your practice.

Sunset — Nervous System Reset

After a day of surfing, we'll slow things down with a restorative practice designed to calm the nervous system and quiet the mind. Introducing Pranayama (the practice of yogic breathing), we'll use carefully sequenced postures and supportive props to gently release tension, create space in the body and encourage ease.

These slow, supported sessions offer time to unwind, recover and reconnect with yourself, leaving you feeling grounded, rested and ready for a nourishing dinner and a peaceful night's sleep.

Both sessions are optional and included in the price.

YOUR TEACHER

Graziella has practised Iyengar yoga for over 27 years and has taught as a qualified Iyengar teacher for 12 years. She brings decades of training, attention and precision, with knowledge and respect for each person's individual needs. Classes are held in the Yoga Shala, high on the rooftop of the villa, with views of the beach, ocean and mountains.
